

Within DVSPORT 360 a user can take plays from one or multiple games and combine them in a cutup. That cutup can be shared with other users on DVSPORT 360.

Making A Cutup

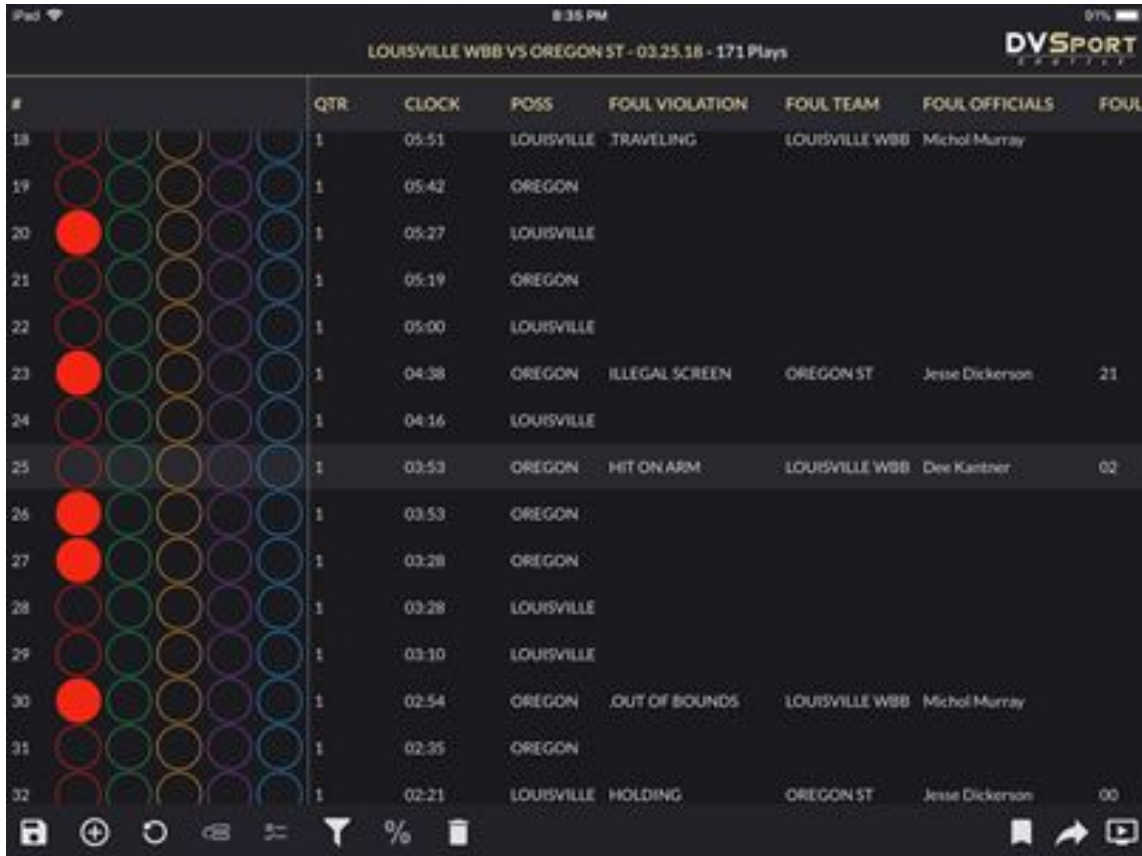

1. Open a game within the DVSPORT 360 Application.

2. Go to the menu button and turn on “Bookmarking”. This will display five bookmarks of a different color on the bottom left of your toolbar.

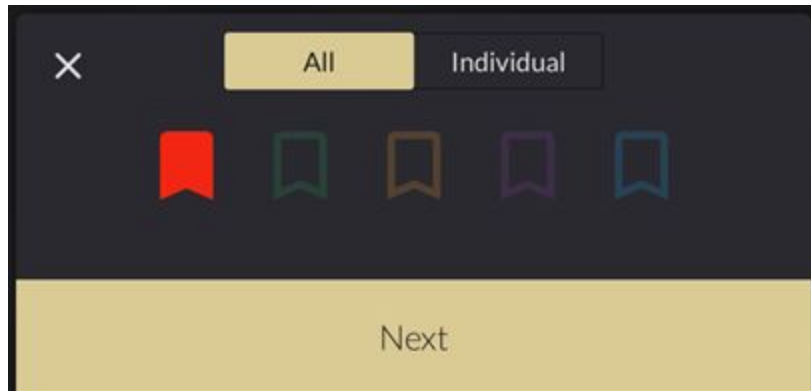

3. Each time the user identifies a play they want to add to a cutup they can bookmark that play by clicking on one of the 5 bookmark colors in the bottom left of the toolbar. You will now that play is bookmarked because the bookmark will fill-in.
4. Once you have bookmarked all the plays you want to save to a cutup, click on the playlist button on the far right of the bottom toolbar. All the plays you bookmarked will have the colored circle filled in next to the play.

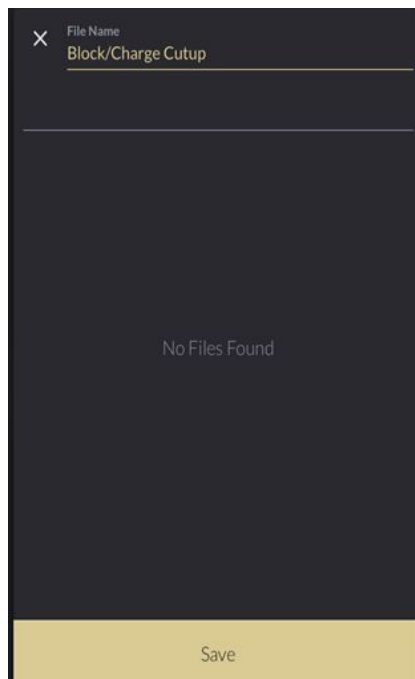

5. Click on the Save Icon at the bottom left of the playlist.

6. Select the bookmark colors you want to add to the cutup by touching the bookmark.
 - a. If you want to combine multiple bookmarks into one cutup, you select the All option.
 - b. If you want each bookmark color to be a separate cutup, you select the Individual Option.

7. Name the cutup and click Save.

8. Your cutup will be saved to your "Briefcase".

Adding Additional Plays to a Cutup

1. Follow steps #1-4 above.
2. Once the user has identified the additional plays they want to add to a cutup click on the PLUS icon.

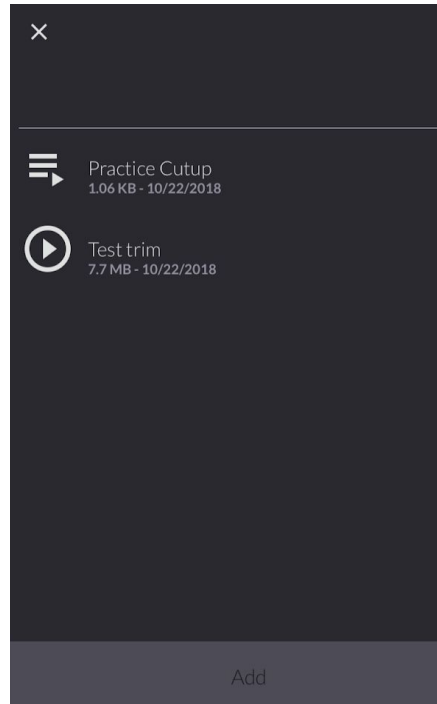

3. Click on Add Bookmarks To

4. Click on the bookmarks you want to add to the existing cutup and click next.

- From the list, select the cutup you want to add the plays too and click add.

- A green banner will pop up letting the user know the additional plays were successfully added to the cutup.

Sharing A Cutup With Other Users

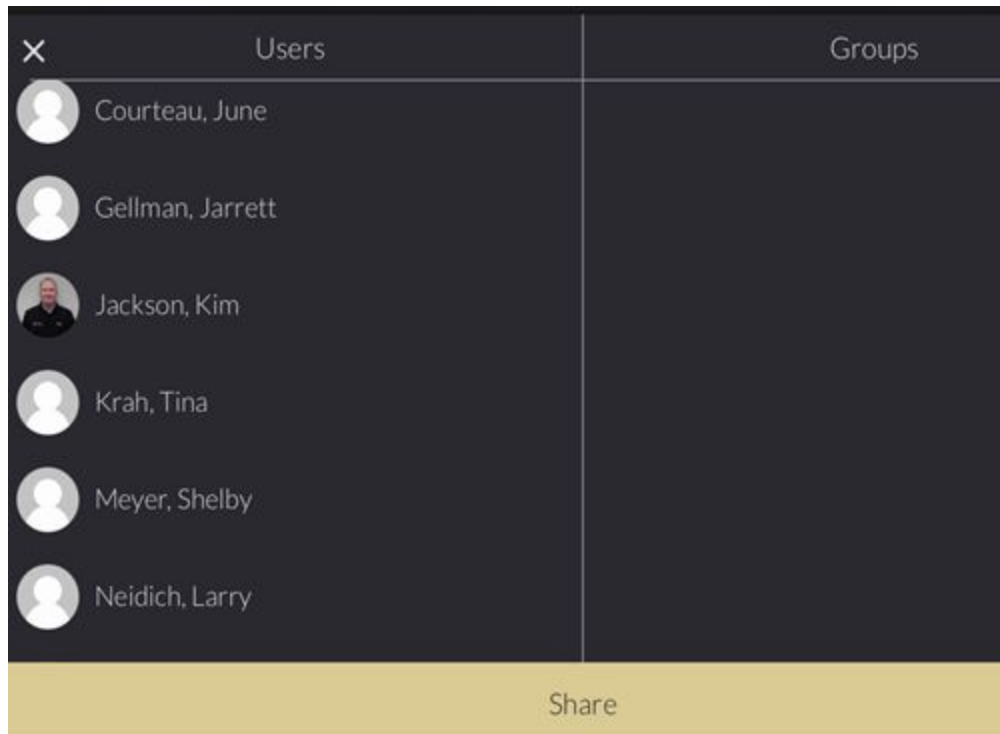

- Open the cutup the user wants to share.
- Click on the Playlist Icon that is located on the far right of the Toolbar.

- Once the playlist is open, click on the Forward Arrow Icon on the right of the ToolBar.

4. Select the users or groups that you want to receive the cutup and click share.
 - a. You can select multiple users or groups to share the cutup with.
